Background

This document outlines the Amex Options Customer Posting Tier report which contains month to date information on how a Firm is tracking to individual client Incentive programs as per current NYSE Amex Options fee schedule.

Naming Conventions and Formatting

1. Output files will be made available for secure pick-up via Managed File Transfer (MFT).
2. Output file will conform to the following standards:
 - a. All files will be comma delimited.
 - b. Files will not be sorted.
 - c. Headers will not be provided.
 - d. Files will be compressed and delivered as .dat.gz
 - e. File naming convention will support standard versioning controls.
3. Output files will be provided by CRD# only and follow standard naming convention:
 - a. AMXO_CUST_TIER_POSTING_EF_<CRD#>_<MFTID>_YYYYMMDD_Vx.dat.gz
4. Output file will be made available at start day on T+1 after 6 a.m.
5. As new enhancements are made to these outputs, customers may expect to receive both current and new versions in their MFT file folder. All new versions will be tagged with a version number which will then allow the customer to migrate to the new file format when ready. Advance notification of dates will be provided with a minimum of 30 day notice dependent upon size and scope of changes.
6. After the migration timeframe has expired, customers will see only the latest version in their MFT folders.

Contact Information

Firms may request to subscribe to any of the outputs by contacting NYSE-CustomerOutput@theice.com.

Client Posting Tier Report Format

Report Record Format

Report will contain both detail and Summary Sections utilizing the same record layout.

Detail section of the report will contain a row for each incentive program and tier type.

Summary section will consolidate detail programs and incentives to reflect the current max incentive achieved month to date.
